

Studded T Post

T Post:

1. Made from rail steel
2. Easy to install, no digging required
3. Stands up to livestock
4. A good choice for rocky or hard ground
5. Can also be used for pens, sign posts, property markers, guide stakes, vineyard trellises, or home gardens
6. Good for wire, chain link, wire mesh, silt fencing, snow fencing, and safety fencing
7. Unfinished T Posts are still inherently weather resistant due to the higher quality of rail steel
